CONQUERING THE SUMMIT
ASPIRING TO FLAWLESS PROJECT DELIVERY

45TH
ECC CONFERENCE
2013
Schedule, Quality, and Cost... Can you have all Three?

- Quality
- Cost
- Schedule
Panelist

Jim Backes
Hargrove Executive Vice President
Panelist

Gary Fischer

Chevron General Manager of PRC Consulting Services
Panelist

Stephen Mulva
CII Associate Director
Panel Question #1:

What phases of projects, contract strategies, or types of projects present inherent problems to achieving Schedule, Quality and Cost simultaneously?
Theme 1: Can You Have All Three???

• Panel Question #2:

In projects that you have been involved in, what aspect out of the three was most often sacrificed? What measures have you used to counteract this?
Panel Question #1:

What benchmark reference points should be considered by the owner and contractor when establishing Schedule, Quality, and Cost goals?
Panel Question #2:
What techniques have you used to achieve cost, schedule and quality alignment when project stakeholders have different expectations?
Panel Question #1:

In the projects that you feel were most successful, were all three always achieved?
Panel Question #2:

What advice would you give to a project team at the early stages of development to enable them to achieve Schedule, Quality and Cost goals?
